# Arts, culture and events

Public art, local stories and places to gather along the coast.

## 01 Follow the public art

Explore Dana Point's sculptures, murals, mosaics and decorated utility boxes. The Arts & Culture art map is a useful starting point for choosing a few works to discover on a self-guided outing.

## 02 Find your soundtrack

Local restaurants and waterfront venues host live music. Summer Concerts in the Park at Sea Terrace Park are another community gathering tradition. Check the current music listings for dates and details.

## 03 See what is happening

Use the Arts & Culture events calendar to find programs and community gatherings that suit your visit. Confirm the date, location, admission and any reservation requirements with the organizer before making plans.
